New friend or old, diner or drinker, reader or talker, player or  
listener,

We're delighted to serve you and thank you for visiting!

## Welcome To Trinity Hall

~ An Irish Pub & Restaurant ~

A place with delicious Food, friendly service, Spirits, Beers & Wines, so what make us a Pub? Our goal is to offer the friendly, community-centered service that we grew up with in Ireland, where we may see the same families two, three and four times a week, each occasion was different, a quick bite before the soccer match, a Pint at the end of the day, enjoying the local musician on the weekend, or sharing family dinner on Sunday. The loudest noise at the Pub should be conversation, between friends, families and occasionally, the odd adversary too!

Executive Chef, Oscar Gutierrez and the kitchen brigade prepare each item to order, and we can adapt many of our recipes to accommodate special diets & needs, so please tell us about any allergies or preparation concerns! While almost everything culinary is possible, some requests may take a little longer, and occasionally we may only be able to offer alternative suggestions, but we will strive to prepare a meal you'll enjoy & return for, often!

### Pub Activities

We want to give you lots of great reasons to come visit with us and here are some of the best!

				
Live Music	US & Euro Soccer	Pub Quiz Trivia	Texas Hold'em Poker	Tasting Events

Thanks for stopping in today, we trust you will enjoy whatever you choose, and please, let us know how we can improve our service or products so we can become your favorite Pub!
