

The History Of Glenfiddich

A FAMILY DISTILLERY

In the summer of 1886, with his seven sons and two daughters by his side, William set out to fulfil a lifelong ambition. Together they began building his Distillery by hand, stone

by stone.

After a single year of work it was ready and William named it Glenfiddich, Gaelic for Valley of the Deer.

Tasting Spirits

1st AROMA / NOSE

* Breathe over your glass with mouth & nose open to allow as much air as possible to reach your olfactory nerves!

Swallow the air, and then slowly exhale and let your mind wander while deciding on the flavors you taste.

2nd PALETTE / TASTE

* Take a sip to your mouth, swirl & "chew" the spirit as you coat the inside surfaces of your mouth, again breathe through, swallow and exhale, again decide on tastes, flavors & textures.

3rd DILUTE & RE-TASTE

* Take the straw in your water glass and put your finger over the top, transport the water to your whiskey glass and drop in. The addition of a drop of water is known as "cracking" the spirit. This allows molecular bonds to break, freeing up a new range of aromas & flavors to be tasted and noted!

GLENFIDDICH 14 YEAR 43%

Malt Master, Brian Kinsman, waits 14 years as the whisky matures in ex-bourbon American Oak casks. He then finishes the whisky in deep charred new American Oak barrels supplied by The Kelvin Cooperage in Louisville, Kentucky.

The result is a rich, sweet and vibrant single malt that delivers beautifully complex flavors of woody spices
